

CET333-Portfolio Report

Important:

1. Remember to follow the submission guidelines in the Assignment document —you must submit a single, well-formatted **PDF file** containing all sections.
2. Submitting through an incorrect submission link will result in earning **zero** marks.
3. You must complete the **Assignment Declaration** questionnaires. Otherwise, the submission will not be considered.
4. Don't forget to include Client Contact Record Sheets.
5. Copy your tutorial records and paste them directly into the Word template, e.g.:

Tutorial Example

You must complete the appropriate preparation sections **BEFORE** you attend your tutorial.

Tutorial Preparation (Academic)

Tutorial Number: 3

How do you feel your project is progressing?
Before you attend your tutorial, provide a rating out of 5 for each portfolio section by highlighting the number which represents how you feel the project is progressing.

Project Schedule	On Schedule	5	4	3	2	1	Behind Schedule

Technical Deployment	Complete	5	4	3	2	1	Not Started
Evaluation and Critical Reflection	Complete	5	4	3	2	1	Not Started

Your Comments:
Add comments/critical reflections on how you feel the project is currently progressing. This will be useful when completing the final section of the portfolio.

- I feel like my project is progressing well
- I know that I should have completed more on the Solution Design Documentation at this stage
- I am going to work extra hours on the project next week to bring things back up to date

6. Do not leave the preparation of your final submission until the last minute. Collecting and formatting everything appropriately will take some time.
7. UoS Assessment Policy
