

Grading Criteria – Portfolio

Requirements, Sign-off and Client Engagement								
10	9	7.5	6.5	5.5	4	3	1.5	0
Exceptional	Outstanding	Excellent	Very Good	Good	Acceptable	Insufficient	Very Poor	Missing
An exceptional attempt has been made in this section and you have: Developed comprehensive functional and non-functional requirements with evidence of Client Involvement and approval and attended 3 or more tutorials/client meetings.	An outstanding attempt has been made in this section and you have: Developed highly detailed functional and non-functional requirements with evidence of Client Involvement and approval and attended 3 or more tutorials/client meetings.	An excellent attempt has been made in this section and you have: Developed detailed functional and non-functional requirements with evidence of Client Involvement and approval and attended 2 or more tutorials/client meetings.	A very good attempt has been made in this section and you have: Developed very good functional and non-functional requirements with evidence of Client Involvement and approval and attended 2 or more tutorials/client meetings.	A good attempt has been made in this section and you have: Developed good functional and non-functional requirements with evidence of Client Involvement and approval and attended 1 or more tutorials/client meetings.	An acceptable attempt has been made in this section and you have: Developed adequate functional and non-functional requirements with some inconsistencies or incompleteness in the requirements and little evidence of Client Involvement and attended 1 or more tutorials/client meetings.	You have made a poor attempt at this section, and you have: Developed poor functional and non-functional requirements with inconsistencies or incompleteness in the requirements no evidence of Client Involvement and attended no tutorials/client meetings.	You have made a very poor attempt at this section; your work is unclear or substantially lacking in detail. You may have attended no tutorials/client meetings.	You have made no valid attempt at this section.

Project Planning								
10	9	7.5	6.5	5.5	4	3	1.5	0
Exceptional	Outstanding	Excellent	Very Good	Good	Acceptable	Insufficient	Very Poor	Missing
An exceptional attempt has been made in this section and you have: Created a comprehensive project planning document that contains exceptional levels of detail. Shown evidence that your schedule was used throughout the project Created an exceptional schedule that matches the project requirements	An outstanding attempt has been made in this section and you have: Created a highly detailed project planning document that contains outstanding levels of detail Shown evidence that your schedule was used throughout the project Created an outstanding schedule that matches the project requirements	An excellent attempt has been made in this section and you have: Created a detailed project planning document that contains excellent levels of detail Shown evidence that your schedule was used throughout the project Created an excellent schedule that matches the project requirements	A very good attempt has been made in this section and you have: Created project planning document that contains very good levels of detail Shown evidence that your schedule was used throughout the project Created a very good schedule that matches the project requirements	A good attempt has been made in this section and you have: Created project planning document that contains good levels of detail, with some errors, omissions, or inconsistencies Shown evidence that your schedule was used throughout the project Created a good schedule that matches the project requirements	An acceptable attempt has been made in this section and you have: Created project planning document that contains adequate levels of detail, with errors, omissions, or inconsistencies Shown some evidence that your schedule was used throughout the project Created an adequate schedule that matches the project requirements	You have made a poor attempt at this section, and you have: Created project planning documentation that is poor, lacks detail and contains numerous errors, omissions, or inconsistencies Shown little to no evidence that your schedule was used throughout the project	You have made a very poor attempt at this section; your work is unclear or substantially lacking in detail. Your project planning documentation is of a very poor standard.	You have made no valid attempt at this section.

Methodology								
15	13	12	10	8	6	4	3	0
Exceptional	Outstanding	Excellent	Very Good	Good	Acceptable	Insufficient	Very Poor	Missing
An exceptional attempt has been made in this section and you have:	An outstanding attempt has been made in this section and you have:	An excellent attempt has been made in this section and you have:	A very good attempt has been made in this section and you have:	A good attempt has been made in this section and you have:	An acceptable attempt has been made in this section and you have:	You have made a poor attempt at this section, and you have:	You have made a very poor attempt at this section; your work is unclear or substantially lacking in detail.	You have made no valid attempt at this section.
Chosen an appropriate methodology for your project and provided an exceptional discussion of your choice	Chosen an appropriate methodology for your project and provided outstanding discussion of your choice	Chosen an appropriate methodology for your project and provided excellent discussion of your choice	Chosen an appropriate methodology for your project and provided very good discussion of your choice	Chosen an appropriate methodology for the project and provided good discussion of your choice	Chosen an appropriate methodology for your project and provided adequate discussion of your choice	Provided little to no justification for your chosen methodology		
Provided exceptional discussion on the methodologies and tools used	Provided outstanding discussion on the methodologies and tools used	Provided excellent discussion on the methodologies and tools used	Provide a very good discussion on the methodologies and tools used	Provided good discussion on the methodologies and tools used	Provided adequate discussion on the methodologies and tools used	Your methodology may not be appropriate for the project		
						Provided poor discussion on the methodologies and tools used that is lacking in detail		

Prototype Product, Documentation and Demonstration								
35	30	25	18	16	14	8	5	0
Exceptional	Outstanding	Excellent	Very Good	Good	Acceptable	Insufficient	Very Poor	Missing
An exceptional attempt has been made in this section and you have:	An outstanding attempt has been made in this section and you have:	An excellent attempt has been made in this section and you have:	A very good attempt has been made in this section and you have:	A good attempt has been made in this section and you have:	An acceptable attempt has been made in this section and you have:	You have made a poor attempt at this section, and you have:	You have made a very poor attempt at developing a product	You have made no valid attempt at this section.
Developed an exceptional product that has fully met the needs of the client	Developed an outstanding product that has fully met the needs of the client with very few minor errors	Developed an excellent product that has fully met the needs of the client with few minor errors	Developed a very good product that has met most of the needs of the client with some minor errors	Developed a good product that has met some of the needs of the client with errors	Developed an adequate product that has met few of the needs of the client with errors	Developed a product that has met very few of the needs of the client and contains errors throughout	Your documentation is unclear or substantially lacking in detail.	
You have produced exceptional design documentation that is accurate, fully describes the system, and shows a systematic approach to creating the product	You have produced outstanding design documentation that is accurate, fully describes the system, and shows a systematic approach to creating the product with very few minor errors or inconsistencies	You have produced excellent design documentation that is accurate, fully describes the system, and shows a systematic approach to creating the product with few minor errors or inconsistencies	You have produced very good design documentation that is accurate, describes the system, and shows a systematic approach to creating the product with some errors or inconsistencies	You have produced good design documentation that is mostly accurate, describes the system, and shows some systematic approach to creating the product with errors or inconsistencies	You have produced adequate design documentation that is accurate in areas, describes most aspects of the system, and shows some systematic approach to creating the product with a variety of errors or inconsistencies	You have produced adequate design documentation that is accurate in areas, describes most aspects of the system, and shows some systematic approach to creating the product with a variety of errors or inconsistencies	Your demonstration is disorganised and delivered poorly.	
Your demonstration is exceptionally well-planned and delivered	Your demonstration is outstandingly planned and delivered	Your demonstration is excellently planned and delivered	Your demonstration is delivered to a very good standard and is well planned	Your demonstration is delivered to a good standard and is generally well planned	Your demonstration is delivered to an adequate standard and shows some planning	Your demonstration is poorly delivered or may not be well planned		

Testing, Evaluation and Deployment								
20	18	15	12	10	8	6	3	0
Exceptional	Outstanding	Excellent	Very Good	Good	Acceptable	Insufficient	Very Poor	Missing
An exceptional attempt has been made in this section and you have:	An outstanding attempt has been made in this section and you have:	An excellent attempt has been made in this section and you have:	A very good attempt has been made in this section and you have:	A good attempt has been made in this section and you have:	An acceptable attempt has been made in this section and you have:	You have made a poor attempt at this section, and you have:	You have made a very poor attempt at this section; your work is unclear or substantially lacking in detail.	You have made no valid attempt at this section.
Provided extensive evidence of testing and evaluation with exceptional levels of detail	Provided extensive evidence of testing and evaluation with outstanding levels of detail	Provided extensive evidence of testing and evaluation with excellent levels of detail	Provided very good evidence of testing and evaluation with very good levels of detail	Provided good evidence of testing and evaluation with good levels of detail	Provided adequate evidence of testing and evaluation with adequate levels of detail	Provided little to no evidence of testing and evaluation that is lacking in detail	You have demonstrated no evidence of testing and evaluation and your deployment specification is unrealistic.	
Provided a realistic and exceptionally detailed technical deployment specification	Provided a realistic and outstandingly detailed technical deployment specification	Provided a realistic and detailed technical deployment specification	Provided a realistic technical deployment specification with very good levels of detail	Provided a realistic technical deployment specification with good levels of detail	Provided a realistic technical deployment specification with adequate levels of detail	Provided a technical deployment specification with insufficient levels of detail		

Reflective Practice								
10	9	7.5	6.5	5.5	4	3	1.5	0
Exceptional	Outstanding	Excellent	Very Good	Good	Acceptable	Insufficient	Very Poor	Missing
An exceptional attempt has been made in this section and you have:	An outstanding attempt has been made in this section and you have:	An excellent attempt has been made in this section and you have:	A very good attempt has been made in this section and you have:	A good attempt has been made in this section and you have:	An acceptable attempt has been made in this section and you have:	You have made a poor attempt at this section, and you have:	You have made a very poor attempt at this section; your work is unclear or substantially lacking in detail.	You have made no valid attempt at this section.
Provided an honest and accurate reflection with on all aspects of the project exceptional levels of detail	Provided an honest and accurate reflection with on all aspects of the project outstanding levels of detail	Provided an honest and accurate reflection on all aspects of the project with excellent levels of detail	Provided an honest and accurate reflection on almost all aspects of the project with very good levels of detail	Provided an honest and accurate reflection on most aspects of the project with good levels of detail	Reflected some aspects of the project with adequate levels of detail	Provided weak reflections on a few aspects of the project with poor levels of detail	You have provided little to no reflection on the project and provided little to no discussion on lessons learned and future personal developments.	
Provided discussion of lessons learned and future personal development with exceptional levels of detail	Provided discussion of lessons learned and future personal development with outstanding levels of detail	Provided discussion of lessons learned and future personal development with excellent levels of detail	Provided discussion of lessons learned and future personal development with very good levels of detail	Provided discussion of lessons learned and future personal development with good levels of detail	Provided some discussion of lessons learned and future personal development with adequate levels of detail	Provided weak discussion on lessons learned and future personal development with poor levels of detail
